CLASSIC SKIN LOFT FACIALS | BECAUSE YOU DESERVE IT!

The Loft One Hour Facial | \$80

Achieve "pore-fection" with this treatment! Includes: deep cleanse, customized exfoliation, treatment mask, extractions, and to top it off a relaxing upper body massage!

The Loft 90 Minute Facial | \$120

Take a mini vacation with this decadent facial! All the steps and benefits of my one hour facial but with the added hand and arm massage, facial massage, scalp massage and oxygen treatment!

The Loft Express 45 Minute Facial | \$60

A customized facial designed to deliver maximum results in minimum time. Includes custom cleanse and exfoliation.

The Loft Teen Facial | \$65

This teen facial focuses on unclogging pores and calming inflammation due to hormonal changes. Education on at home products and lifestyle changes to maintain

your results and recommendations for best treatment regimen to fit his or her concerns. Includes oxygen and treatment mask.

The Loft Executive Men's Facial | \$80

Toss aside stereotypes. A man's face generally produces more oil and could use some TLC. This specifically designed treatment includes: steam, cleanse, customized exfoliation with extractions, hydration and relaxation. Beards welcome!

Oxygen Infusion Treatment | \$30

A beneficial and crucial add on to any skin treatment. Helps dramatically reduce inflammation, redness and detriment caused by deeper exfoliation, extractions, sunburns, and blemishes. Kills bacteria and infuses our serums deep into the skin. I'm so confident in this healing and hydrating treatment that your first is FREE!

*A complimentary skin analysis and consult included in all facial treatments. All treatments include moisturizer and sun protection.

Microdermabrasion One Hour | \$115

Using the revolutionary “Diamond Tome” technology, this crystal-free microdermabrasion treatment effectively exfoliates the outer layer of skin and stimulates the production of collagen and elastin. Great for dry, textured skin. Microdermabrasion will help in firming, toning and fading fine lines, scars, and hyperpigmentation.

Dermaplane One Hour | \$100

A gentle resurfacing technique using a surgical grade blade that is lightly moved across the face to remove decayed skin cells and vellus hair (peach fuzz). Good for fading fine lines, hyperpigmentation and leaving the skin soft, smooth and glowing.

The Loft Micro Peel | \$140

Our motto is “progressive not aggressive” when it comes to chemical exfoliation. Our AHA and BHA peels are formulated

to give optimal results with very little downtime. This treatment is combined with a dermaplane or microdermabrasion and a light peel appropriate for your skin type, conditions and attributes.

Obagi Blue Peel Radiance® | \$145

This 20% salicylic peel blended with glycolic and lactic acids is designed to exfoliate and help improve your overall complexion and give your appearance radiant results of texture, tone, and brightness. Great for softening and improving scars, sun damage, fine lines and pore size. Helps to control oil and acneic skin conditions. Also includes elements of our customized one hour facial treatment.

*A complimentary skin analysis and consult included in all facial treatments. All treatments include moisturizer and sun protection. Oxygen Infusion Treatment included in all Advanced Anti-Aging Treatments.

LED LIGHT THERAPY TREATMENTS | TAKING IT TO ANOTHER LEVEL!

LED Acne Therapy Treatment with Full Facial | \$135

This FDA approved skin treatment uses a low level blue light that will prompt the destruction of bacteria on your skin. This process not only helps to clear up existing blemishes, but prevents future breakouts before they happen. Initial first treatment includes: steam, cleanse, exfoliation, extractions, facial manipulations, mask, moisturize, sunscreen and relaxation elements. Optimal results achieved with additional LED Acne Therapy treatments. All types of acne welcomed.

LED Acne Light Therapy | \$70

60 minute treatment with 30 minute Blue Light Therapy and includes: steam, cleanse, exfoliation and extractions.

LED Anti-Aging Therapy Treatment with Full Facial | \$130

This FDA approved treatment promotes and produces photobiochemical reaction similar to plant photosynthesis. Skin firmness, texture and wrinkles improve with its proven collagen building capabilities. Initial first treatment includes: steam, cleanse, exfoliation, extraction, facial manipulations, mask, moisturize, sunscreen and relaxation elements. Optimal results achieved with additional LED Anti-Aging Therapy treatments.

LED Anti-Aging Light Therapy | \$65

45 minute treatment with 30 minutes of Red LED Light Therapy that includes: steam, cleanse and exfoliation.

*These treatments are best combined and worked in a consistent, dedicated series to achieve your best results. Each available as single time treatments.
